## TO OUST CANNON

REVERLY, Mass., August 15.—It is again reported, on reliable authority, that President Taft and his political conferees plan a reneging of the Republican forces involving the elimination of the leading standpatters, and possibly of Ballinger also.

Taft is to have a conference tomorrow with Senator Crane of Massachusetts, who is said to be the most influential man in the senate since the retirement of Aldrich was announced. It is believed that the results of this conference will be of great importance in their effect on Republican policies.

It is stated that the prospects are that Taft's conference with Crane and others will lead to an administration opposition which will practically end the power of Cannon and Aldrich. Aldrich has announced his retirement, but Cannon insists upon fighting.

### \$100,000,000 FIRE.

DRIBBLE, August 15.—The Belgian Exposition was practically wiped out by fire yesterday. The fire was the biggest since the San Francisco conflagration and was comparable to that in the extent of the loss. It is estimated that the losses will amount to hundred million dollars.

Over a hundred thousand visitors were at the exposition when the fire started. High winds swept it rapidly from one building to another, and there was a panic. Many were trampled in the rush to escape.

The firemen were practically helpless.

Two lives were lost and thirty persons are known to have been seriously injured.

The menagerie at the exposition is a total loss and most of the animals were burned.

### SENATOR FRYE MAY QUIT.

NEW YORK, August 15.—It is reported that the Maine legislature, which is elected in September may have to choose two senators instead of one.

### POINT ARBIA, FOUR LIVES LOST.

### BALLINGER NO QUITTER.

KLAMATH FALLS, Oregon, August 14.—Secretary of the Interior Ballinger knows nothing of the plans being made for his retirement from the Taft cabinet on September 15. He has no intention of resigning and stated so more emphatically yesterday when interviewed by the Associated Press.

When the report that President Taft and his advisers had been in consultation on the question of bringing the warring factions of the party into harmony through dropping him, the secretary stated that he would continue to be secretary of the interior until he was asked directly by the President to surrender his portfolio. He would never resign on his own accord.
